At 12:30 PM

It's a Hi/Low Game

What is a Hi/Low Game?

For those of you new to the Club: A Hi/Low game consists of pairing players by the number of Masterpoints (MP) earned. A person with a large number of MPs will be paired with a low MPs player. The director in charge of the game will list of the Hi group of players with the second group will draw from a box the name of his/her partner.

A sign-up list is right next to this note, and we would appreciate it if you would sign up. Please, also, write in you number of you personal masterpoints to facilitate the Director's job.

It has been almost 18 months since our last game, and it was a blast.
Let's have a big turnout.

If you are undecided, we welcome Walk-ins
